

Rate Schedule

Rates apply towards privately scheduled sessions, as opposed to pricing that is included for prints and products bought directly through the shopping cart here within the site.

Fees are quoted on a case by case basis where there are quite a few variables that could factor in, such as: Location; drive time; special lighting (if any) setup; number of images you'd like; and how you'd like to receive those images; etc.

Each session is always client specific, and tailored to your individual requirements. If something more complex was required and an assistant needed, you would be charged at a rate of \$25/hr as well.

If you have more simple needs, you could consider an hourly rate and use that time to get what you are after.

I charge \$100 for the 1st hour, and \$50 for each additional hour.

That would include any setup time; shoot time; break down; basic editing. Travel would be included within 20 miles of my location.

Most typical non-complex shoots usually can be completed in the 1-2 hour range

This would include online proofs as well as delivery of up to 10 images in a digital format.

Additional prints and products are also available upon request.

I always look forward to working with you, and welcome all questions and inquiries.
